

Case Construction Tractor: Polygonal construction, uv mapped and textured.

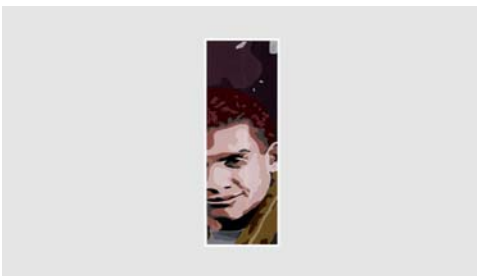

Ernest E. Tort: Quick low poly study. Poly model with 3 small textures.

Nissan 350z: Higher res model. Built using NURBs, SubDiv and poly techniques. Textured shot rendered with mental ray.

M1A1 Abrams Tank: Poly model inspired by my family and friends serving in the armed forces. Rendered shot is part of downtown San Francisco

Traditional Works: Works with many mediums; Charcoal, pencil, ink, clay, gouache and marker.
